

ANNUAL REPORT

Of

‘ECO CLUB’

**LBS Govt. PG College Saraswatinagar
Session 2020-21**

❖ Cleanliness Drive in the Campus (26.02.2021)

Eco Club unit of the college takes this initiative of cleanliness every year to spread awareness among the students and teachers even the surrounding people to think, initiate and implement this. It should be our duty to take one step ahead against the Swachhta Abhiyan and make our region, our state, our country a disease free, pollution free and completely developed country. With this campaign, this year also the members of Eco Club took a pledge to clean our college campus and surrounding areas. We started at 10:30 am with the teachers and students from NSS & NCC. We took brooms and garbage bags in our hands to clean and pick up the plastics found in the campus and surrounding areas. We cleaned every nook and corner of the college including corridors, ground, parking area, canteen area etc. After doing the same for about four hours, we all gathered in the college hall. The refreshment was distributed among the students and the teachers. Eco Club members and some of the students volunteered to give speech on cleanliness campaign and harmful effects of plastics. Everyone was felt so contented in beautifying their own campus. We all took oath not to use plastics, disposables, and to keep our surroundings clean and also motivate others to do the same. The purpose of this campaign was found fruitful.

❖ **National Science Day (28.02.2021)**

India celebrates National Science Day on February 28 every year to commemorate the discovery of the Raman Effect. Sir CV Raman discovered the effect in 1928 and was awarded the Nobel Prize in Physics in 1930. National Science Day is celebrated across schools and other educational institutes to spread the message of the importance of science in daily life. On this day, light is shed on efforts and achievements in the field of science and dialogue is held on implementing new technologies. In 1986, the National Council for Science & Technology Communication (NCSTC) asked the government of India to mark February 28 as National Science Day. National Science Day was first celebrated on February 28, 1987. The NCSTC also founded the National Science Popularization awards to recognize the outstanding efforts in the area of science. For 2021, the theme is 'Future of STI: Impacts on Education, Skills and Work'. The National Science Day 2021 aims to motivate the students to gain hands-on experience in the field of science.

Science society of our college celebrated 'National Science Day' on 01st March 2021 due to Sunday on 28th Feb. The event started with the lamp lightening by the chief guest, Dr P.P. Chauhan, Principal, Govt. P.G. College Saraswatinagar. All the science faculty members and students were invited to witness the program. This time rest of students and staff members were not invited due to Covid-19 pandemic. Keeping in the mind about all the protocols of preventive measures of covid-19, the program started at 11:00 am. Then the students were briefed with the objectives and purposes of the celebrating National Science Day. Session continued with the various science activities by the students of all the three classes. Students presented posters, models based on science, power point presentations, speech etc. Students were very excited and worked very hard throughout the event. They presented themselves very well and confidently. As the presentations of the students were over, prizes were distributed to the winners by the chief guest. The chief guest then delivered a motivational and inspirational speech to our students. He emphasized that hard work is the only key to achieve success in the life. He explained how science and technology is useful in day to day life and how it is making life easier. In his presidential remark he appreciated the efforts of the Eco Club students for making this event a grand success. In the meanwhile, refreshment was also distributed to the students and the teachers. The program ended with contentment with the vote of thanks.
